## Tidoo Care - Oleo-Limestone Bioliniment – 400ml

### About the Care range:

Every day the Tidoo Care range contributes its benefits to the hygiene of your children. Choosing Tidoo Care means choosing efficiency and at the same time protecting the delicate skin of your baby and respecting nature.

### Description:

**To make every moment with baby unique, opt for Tidoo Care bioliniment, the anti-redness, anti-nappy rash solution which gently cleanses and protects baby's skin.**

Often little-known, the Oleo-limestone Bioliniment gently cleanses and leaves a protective film on baby's bottom, thus preventing urine or stools from irritating the skin, especially during the food diversification period when babies' stools are highly acidic and can damage their thin and fragile skin. So it effectively prevents irritation and nappy rash.

A creamy emulsion of 48% olive oil and a calcium solution, Tidoo Oleo-limestone Bioliniment gently cleanses and protects the skin. Ideal for use on baby's bottom.

### > 48% organic olive oil

In ancient times, olive oil was the basis for all cosmetic practices. The Egyptians rubbed their bodies with fragrant oils after bathing; the Greeks also used it at the stadium to relax the muscles before exercise.

Today, olive oil is used all over the world, from India, where it is used for Ayurvedic massages, to Brazil, where it nourishes the skin after a bath!

Certified organic olive oil makes up around 50% of the total ingredients, making it unique on the market. This quality oil is not mixed with any other less valuable oils (highly allergenic peanut oil or coconut oil): the pure oil gives the emulsion its natural yellow colour.

As the oil and calcium solution separates naturally, it is advisable to shake the bottle before use to obtain an even emulsion.

### > Hypoallergenic, Tested under paediatric supervision

A study carried out by the Claim (Clinical Evaluation of Skin Treatment Products) Institute among a panel of 20 babies of both sexes, from 7 months to 5 years old, showed that Tidoo Oleo-limestone Bioliniment rebuilds baby's skin barrier while preventing nappy rash. 95% of tester parents recommended Tidoo Oleo-limestone Liniment for its texture, scent, effectiveness and beneficial effect on baby's skin.

Tidoo Oleo-limestone Liniment is allergen-free. Preservative free.

- ✓ NO PRESERVATIVES, PHENOXYETHANOL FREE
- ✓ DOES NOT CAUSE IRRITATION (FARCODERM INSTITUTE TEST)
- ✓ MADE IN FRANCE

*Ingredients : Aqua, Olea Europaea (Olive Fruit) Oil\*, Glyceryl Stearate, Calcium Hydroxide*

**USE WITH TIDOO MAXI ULTRA-SOFT COTTON SQUARES**

# Tidoo

## Tidoo Care - Ultra-soft organic cotton maxi-wipes (x50 or x80)

### About the Care range:

Every day the Tidoo Care range contributes its benefits to the hygiene of your children. Choosing Tidoo Care means choosing efficiency and at the same time protecting the delicate skin of your baby and respecting nature.

### Description:

**Share a moment of softness together with baby! Choose Tidoo ultra-soft 100% organic cotton Maxi-Wipes, an essential part of the Tidoo Care baby range.**

### > Organic cotton

2.5% of crop surface, 25% of the insecticides and 11% of the pesticides used on the whole planet: such is the ecological and health balance of growing cotton.

For greater purity and softness, Tidoo Care ultra-soft safety buds are made of 100% non-GMO organic cotton, grown with no synthetic chemical pesticides and whitened in oxygenated water for greater purity and softness. They do not contain chlorine.

Organic cotton permits the elimination of chemical input in the skin and reduces soil pollution, and at the same time favours social equality throughout the production chain.

Easy to use thanks to their large size, Tidoo Care ultra-soft organic cotton maxi-wipes adapt perfectly to your baby's hygiene and skin care.

They are resistant, and do not pill or split in two.

Large size: 11 x 9 cm

### > Large-size, ultra-convenient packaging

The ultra-soft organic cotton maxi-wipes come in frosted sachets holding 50 or 80 wipes.

For added convenience, the bag can be hung by the cord at the top, and a pre-cut hole in the pack means it can be easily used as a dispenser.

They can also be used on a flat surface, thanks to the bag's easy closing cord.

### Certifications:

### About the Care range:

Every day the Tidoo Care range contributes its benefits to the hygiene of your children. Choosing Tidoo Care means choosing efficiency and at the same time protecting the delicate skin of your baby and respecting nature.

### Description:

For total respect for the skin and the environment, Tidoo has shown itself to be innovative and has produced the first compostable wipe on the market.

Soft as silk and ultra-resistant, they are ideal for the delicate hygiene of children's skin.

### > Compostable fibre TENCEL®

Tencel® is an organic fibre made from eucalyptus and produced in a unique and non-polluting process, using a natural recycled solvent in a 99.7% closed circuit, and which uses very little water.

Contrary to viscose, which requires toxic chemical solvents such as carbon disulphide and sulphuric acid, and cotton, which requires the use of pesticides and consumes an average of 5.263 litres of water to manufacture 1kg of product.

Ultra-soft biodegradable Tidoo Care wipes can also be placed in the domestic compost maker after use.

### > Soaked in a bio-lotion

A very sweet formula, based on plant agents, such as:

- **Calendula extract** whose calming and regenerating virtues were already known centuries ago in Mediterranean regions.
- **Aloe vera**, which profoundly hydrates the skin.

### > Available perfume-free or with natural perfume

- With no perfume, their aroma is more neutral, for parents who prefer simple products.
- Delicately perfumed with white lotus, discreet, pleasant and refreshing, they leave your baby's skin soft, clean and fresh.

- ✓ HYPOALLERGENIC. TESTED UNDER DERMATOLOGICAL CONTROL.
- ✓ ALCOHOL-FREE, PARABEN-FREE AND PHENOXYETHANOL-FREE.
- ✓ MADE IN FRANCE

## Tidoo Care - Baby Organic Micellar Cleansing Water with Calendula (500ml)

### About the Care range:

Every day the Tidoo Care range contributes its benefits to the hygiene of your children. Choosing Tidoo Care means choosing efficiency and at the same time protecting the delicate skin of your baby and respecting nature.

### Description:

**Gently cleans and hydrates the sensitive skin of your baby and avoids rashes. Ideal for cleaning your baby's bottom, skin folds, face and hands.**

#### > Micellar

The micellar water formula lightly cleans baby's sensitive skin. The micellae that it contains eliminate impurities and dirt while maintaining the skin's balance.

Softly mopped, baby's skin will be purified while staying moisturised. The micellar formula also limits irritation on the bottom.

Soap-free, phenoxyethanol-free, no-rinse and non-delipidating, Tidoo Care Calendula bio-micellar cleaning water is refreshing and efficiently eliminates dirt at any time of day, leaving a gentle natural perfume on the skin.

#### > Benefits of Calendula

Your baby will also feel the benefits of Calendula, whose calming, healing, anti-inflammatory and regenerating virtues were already known centuries ago in Mediterranean regions.

#### > The only micellar water under ophthalmological control

Does not irritate the eyes

- ✓ HYPOALLERGENIC AND DERMATOLOGICALLY TESTED, TIDOO CARE ORGANIC MICELLAR CLEANSING WATER WITH CALENDULA IS SPECIALLY FORMULATED TO MINIMISE THE RISK OF ALLERGY.
- ✓ SOAP-FREE, PHENOXYETHANOL-FREE
- ✓ MADE IN FRANCE

### Directions for use :

- For washing, imbibe some cotton wool or a wipe then wipe delicately over the skin.
- To refresh and perfume, pour into the palm of your hand then delicately massage baby's body.

### About the Care range:

After the success of the Night&Day eco-friendly nappies range, Tidoo is launching Care, its range of eco- Every day the Tidoo Care range contributes its benefits to the hygiene of your children. Choosing Tidoo Care means choosing efficiency and at the same time protecting the delicate skin of your baby and respecting nature.

### Description:

**ERYCARE, Restorative Nappy Cream from the Tidoo Care range, effectively prevents the appearance of redness and regenerates your baby's already fragile skin.**

#### > Omega 3 action

With its exceptional rapeseed oil content, Tidoo ERYCARE protective cream with Calendula brings a high quantity of Omega-3 and Omega-6 essential fatty acids. It restructures and gives the skin suppleness and elasticity.

#### > Sooth and Repair

**Non-nano zinc oxide**, which possesses protective and absorbing properties, prevents and soothes nappy rash in babies, reinforcing the skin barrier and conserving the bottom, even if it has a rash, from direct exposure to the outside. Tidoo has opted, on expert advice, to use zinc with no nano particles in order to avoid penetration into the lower layers of the skin.

**Le beurre de karité** possède des vertus anti-irritations reconnues depuis l'Antiquité.

**Beeswax**, being strongly occlusive, provides nourishing and smoothing action. Rich in vitamin E and omega-6. **Argan oil** softens, nourishes and protects the skin from drying out.

#### > The benefits of Calendula

It brings baby the benefits of Calendula, with soothing, healing, anti-inflammatory and regenerating properties which were already known in the Mediterranean regions centuries ago.

- ✓ HYPOALLERGENIC AND DERMATOLOGICALLY TESTED.
- ✓ PARABEN-FREE AND PHENOXYETHANOL-FREE.
