- Fancy / colour woven / prints / knits
Silky and fluid, highly feminine fabrics in different weights. Subtle sheen, moving surface make them looking like delicate metal sheets. Pearlescent light reflection inspired by high technology, prints on “metal looking” fabrics create futuristic clothes. Rustic or washed down wool, linen or Tencel with springy handfeel… Mat, crêpe, drapy or compact plain fabrics, colourful jacquards are in fashion and about to become the new basics.

• Fancy / colour woven / prints / knits
Fabrics for womenswear / lingeries
Our collection is based on many different plain fabrics knitted and woven with no minimum by colors. Each quality has a color card. We are also producing lace fabrics and Jacquards fabrics. Our fabrics have no minimum for production apart special colors.

In its historic Calais and Caudry factories in northern France, Sophie Hallette weaves tulles and laces on hundred-year-old Bobinet and Leavers looms. Each creation, drawn from the House’s heritage or inspired by l’air du temps, illustrates the mastery, inventiveness and radiance of a company that has inspired couturiers, creators and costume designers from around the world since 1887.

From Africa to Scandinavia in passing by Paris, this season Sophie Hallette and Riechers Marescot invite you on an imaginary voyage from the distant South to the far North. Technology and craftsmanship coexist in an Autumn-Winter 2018 collection of saturated colors, structured geometry, opulent ornaments, rich motifs and pared-down designs. Indulge in a sensory voyage through time and space to the frontiers of dreams …
